Note: *Independent Expert (IEC) evidence will be filed by IEC counsel and consist of public (redacted) and confidential (non-redacted) evidence. IEC evidence will be filed with the PUB and Manitoba Hydro at the time of filing. Manitoba Hydro then has 24 hours to review the redacted version of IEC filings and provide any further requested redactions. The redacted version of evidence will therefore be available for public distribution upon Manitoba Hydro releasing their version of the redacted reports. Disputes around redactions will be managed in accordance with Appendix A of the NFAT Terms of Reference.
