

**2019/20 CENTRA GAS GENERAL RATE APPLICATION****Centra Gas Undertaking #6**

Centra to advise as to whether the update with respect to Centra's O&A, was part of the update process that Manitoba Hydro went through in order to provide the May 30th update in accordance with the compliance order of the Board.

**Response:**

An update to Manitoba Hydro's O&A budget for Electric Operations was provided with the May 30, 2019 Compliance filing. However, for Centra, the update process includes completion of the cost allocation to customer classes which was not finalized until July. As such, the O&A detailed budget and revised cost allocation were included in the Pre-Hearing Update material filed with the PUB on July 24, 2019.
