

Centra Gas Manitoba Inc. (Centra) 2019/20 General Rate Application

Centra has applied to the Public Utilities Board (Board) for approval of new rates charged to natural gas customers effective August 1, 2019. Centra is seeking changes to the rates that cover Centra's cost of purchasing and transporting natural gas to Manitoba, effective August 1, 2019. Details are outlined in Centra's General Rate Application, available at: www.hydro.mb.ca/regulatory_affairs/gas/gra_2019_2020/

The impact of this Application is a decrease of approximately 6.2% or \$42 on the annual bill for a typical residential customer. Customer bill impacts are provided for Sales Service customer classes for a range of consumption levels in the table below.

2019/20 General Rate Application	Annual Bill Impact
Customer Class	% Change
Small General Service	(4.7%) – (7.7%)
Large General Service	0.5% – 0.8%
High Volume Firm (Sales Service)	0.5% – (13.8%)
Mainline (Sales Service)	(19.7%) – (13.2%)
Interruptible	(3.0%) – (14.3%)

It is Centra's intention to update the Application based on the natural gas market prices in effect just prior to the public hearing that the Public Utilities Board will schedule in 2019. The Board will publish a subsequent Notice indicating the approximate bill impacts for the August 1, 2019 rate change, by customer class, once this information is available.
