Undertaking #9

MPI to confirm that the amount spent on motorcycle-specific road safety initiatives in the coming application is still only the budgeted amount of 227,000 for Basic's share.

RESPONSE:

CMMG (MPI) 1-8 stated that the Corporation spent \$227,895 (Basic share) on motorcycle-specific road safety programs and initiatives. This IR provided some further information, as follows:

"Total spending by the Corporation on overall road safety programs in 2017/18 was \$13,145,000 (Basic share). As a result, specific motorcycle safety programs represents 1.73% of total road safety expenditures in 2017/18. On a per-vehicle basis, total spending on road safety programming is forecasted at \$12.08/vehicle compared to \$14.84/motorcycle on motorcycle specific initiatives."
