

2020-2023 Efficiency Plan
Efficiency Manitoba Undertaking #6

Efficiency Manitoba to advise did they use the information related to First Nations on Reserve housing or does this include Metis housing

Response:

In reference to “Revised Table 5.1 Annual Average Electric Customer Participation & Bill Savings” which is in COALITION/EM I-102, AMC asked Efficiency Manitoba to provide the average annual bill savings by program of the residential Indigenous Program Bundle, in order to separate out the on-reserve offerings from the Metis Income Qualified program.

Program	Annual average electric bill savings	Total annual electric bill savings
Insulation and Direct Install	\$140/retrofit	\$20,000
Community Geothermal	\$870 \$1100/system	\$84,000
Metis Income Qualified	\$470/home	\$14,000
Total	\$470/house	\$118,000

Program	Annual average gas bill savings	Total annual gas bill savings
Metis Income Qualified	\$300/home	\$18,000
