Undertaking #14

MPI to provide any alternative net present value analysis that was done for Project Nova over a period of time shorter than fifteen (15) years.

RESPONSE:

Mr. Shayon Mitra verbally answered this question on the record on October 14, 2021. Please refer to page 754, line 29 of the hearing transcript of his response. As he indicated, the alternative 10-year NPV would be negative \$48.2M.
