1.0 Executive Summary

By this Order, the Public Utilities Board (Board) varies and grants approval of the revised wastewater rates for the Rural Municipality of Gimli (RM) Wastewater Utility (Utility), to be effective October 1, 2019. The approved rates are shown below:

	Current rates	01-Oct-19
Quarterly service charge	\$ 22.63	\$ 22.71
Wastewater (\$/cubic meter)	\$ 1.33	\$ 1.35
Minimum quarterly charge*	\$ 40.59	\$ 40.94
Quarterly charge - residential equivalency unit (REU)	\$ 65.44	\$ 66.49
Minimum quarterly REU charge**	\$ 88.07	\$ 89.20
Septic Haulers (\$/cubic meter within RM)	\$ 4.60	\$ 4.60
Septic Haulers (\$/cubic meter outside RM)	\$ 5.95	\$ 5.95
*Based on 13.5 cubic meters, metered customers only		
**Based on 197 cubic meters per year		

Details of the rates are in the attached Schedule "A".

The rationale for the Board's decisions is in the "Board Findings" section.

2.0 Background

The RM owns and operates three water utilities (Local Urban District of Gimli, Pelican Beach and Industrial Park) and one wastewater utility.

3.0 Application

On April 4, 2019, the RM applied for revised rates for the wastewater Utility. On May 28, 2019, the RM submitted By-law No. 18-0029, having received second reading on May 22, 2019. Rates were last revised in 2016, approved by Board Order No. 104/16. The application was submitted using the Board's Simplified Rate Application Process as set out in Board Order No. 86/17.

A Public Notice of Application was issued June 3, 2019, affording customers the opportunity to comment to both the Board and the RM with respect to the proposed rate increases. Neither the Board nor the RM received any responses to the Notice.

When reviewing an application the Board can either; hold a public hearing at which the applicant can present its case and customers can present their concerns; or where it is deemed to be in the best interests of a utility and its customers, the Board can review the application using a paper review process without holding a public hearing. The Board has determined a paper review process is appropriate in this application.

This rate increase was applied for by the RM to keep the Utility rates in-line with inflationary costs. The Utility is not currently experiencing operating deficits and has been recognizing surpluses on an annual basis. This increase in rates is adequate to meet the RM's anticipated 2019 operating costs for the utility.

Working Capital Surplus

Board Order No. 93/09 established that utilities should maintain a minimum working capital surplus, in an amount equal to 20% of annual expenses. The working capital surplus is defined as the Utility fund balance, excluding any capital-related items plus Utility reserves.

As per the 2017 audited financial statements, the working capital at December 31, 2017 was:

	2017
Accumulated Fund Surplus	\$ 21,668,908
Deduct tangible capital assets	\$ 33,647,209
Add long term debt	\$ 12,824,039
Add utility reserves	\$ -
Equals Working Capital Surplus	\$ 845,738
Utility operating costs	\$ 2,233,124
20% of utility operating costs (target)	\$ 111,656

4.0 Board Findings

The Board has reviewed the financial projections and application, and has determined that at the time of the application, the RM meets the required criteria (set out in Schedule A to Board Order No. 86/17) to apply using the Simplified Rate Application process.

The Board grants approval of the rates as applied for effective October 1, 2019, with the exception of the rates for commercial septic haulers. The RM's application included a decrease in the rate charge for commercial septic haulers. The purpose of the Simplified Rate Application process is to allow utilities to implement regular, small rate increases to keep up with inflationary increases to operating costs. The intention does not align with the RM's proposal to increase the wastewater rate charged to connected customers of the Utility, while decreasing the wastewater rate charged to users of the wastewater treatment facility who are not Utility customers.

If the RM wishes to make a change to the way the wastewater rates are allocated between the different customers, it will be required to submit a full rate application to do so. In this application, the Board grants approval for the increase requested for connected customers and denies approval to reduce the rates for the commercial septic haulers. The Board will keep the rates charged to commercial septic haulers the same as previously approved.

The Rural Municipality of Gimli is to review its wastewater rates for adequacy and file with the Public Utilities Board either a report confirming the adequacy of the rates or an application for revised rates, on or before July 31, 2020.

5.0 IT IS THEREFORE ORDERED THAT:

1. Revised wastewater rates for the Rural Municipality of Gimli – Wastewater Utility BE AND ARE HEREBY APPROVED in accordance with the attached Schedule “A”, effective October 1, 2019.
2. The Rural Municipality of Gimli amend its Utility rate By-law to reflect the decisions in this Board Order and submit a copy to the Board once it has received third and final reading.
3. The Rural Municipality of Gimli Wastewater Utility provide a notice to its customers as soon as possible, including all decisions found in this Order.
4. The Rural Municipality of Gimli, Wastewater Utility review its wastewater rates for adequacy and file with the Public Utilities Board either a report confirming the adequacy of the rates or an application for revised rates, on or before July 31, 2020.

Fees payable upon this Order - \$150.00

Board decisions may be appealed in accordance with the provisions of Section 58 of *The Public Utilities Board Act*, or reviewed in accordance with Section 36 of the Board's Rules of Practice and Procedure. The Board's Rules may be viewed on the Board's website at www.pubmanitoba.ca.

SCHEDULE "A"
BY-LAW NO. 18-0029
WASTEWATER UTILITY RATES 2019**

1. WASTEWATER UTILITY CHARGES

1.1. EFFECTIVE OCTOBER 1, 2019

Commodity Charge - \$1.35 per cubic meter (m³)

1.1.1 Wastewater Utility Customers-Metered

All customers with metered wastewater utility service shall pay the applicable minimum wastewater rate charge set out below based on the consumption of the metered water service, which will include the allowance indicated:

Meter Size	Group Capacity Ratio	Minimum Quarterly Consumption	Service Charge	Commodity Charge	Minimum Quarterly Charges
5/8"	1	13.5 m ³	\$22.71	\$18.23	\$40.94
3/4"	2	27 m ³	\$22.71	\$36.45	\$59.16
1"	4	54 m ³	\$22.71	\$72.90	\$95.61
1 1/2"	10	135 m ³	\$22.71	\$182.25	\$204.96
2"	25	337.5 m ³	\$22.71	\$455.63	\$478.34
3"	45	607.5 m ³	\$22.71	\$820.13	\$842.84
4"	90	1215 m ³	\$22.71	\$1,640.25	\$1,662.96
6"	170	2295 m ³	\$22.71	\$3,098.25	\$3,120.96

1.1.2 Wastewater Utility Customers-Flat Rates

Customer	REU	Service Charge	Commodity Charge	Quarterly Bill
Single Family or Small Business	1	\$22.71	\$66.49	\$89.20
Building with more than 1 residence or business				
2 residences or businesses	2	\$22.71	\$132.98	\$155.69
3 residences or businesses	3	\$22.71	\$199.47	\$222.18
Cornerstone Enterprises	1	\$22.71	\$66.49	\$89.20
Design Canada	1	\$22.71	\$66.49	\$89.20
Gimli Small Engines	1	\$22.71	\$66.49	\$89.20
Lake Agassiz Marine Office	1	\$22.71	\$66.49	\$89.20
Lake Agassiz Marine Hanger # 2	2	\$22.71	\$132.98	\$155.69
Lake Agassiz Marine Hanger # 4	2	\$22.71	\$132.98	\$155.69

2.4.1.2 Gimli Industrial Park Bulk Water Rate

Volumetric Charge - \$2.07 per cubic meter (m3) (\$9.42 per 1,000 gallons)

3.0 SERVICE TO CUSTOMERS OUTSIDE MUNICIPAL LIMITS

The Council of the Municipality may sign agreements with customers for the provision of wastewater utility services to properties located outside the legal boundaries of the Municipality. Such agreements shall provide for payment of the appropriate rates set out in Commodity Rates of this schedule, as well as a surcharge set by resolution of Council, which shall be equivalent to the frontage levy, general taxes and special taxes for utility purposes in effect at the time, or may be in effect from time to time, and which would be levied on the property concerned if it were within these boundaries. In addition, all costs of connecting to the utility's mains, and installing and maintaining service connections will be paid by the customer.

4.0 PENALTY FOR LATE PAYMENT

A late payment charge of 1 ¼% per month compounded shall be charged on the dollar amount owing after the billing due date. The due date will be at least fourteen (14) days after the mailing of the bills.

5.0 DISCONNECTION OF SERVICES

5.1 Disconnection for Non Payment / Delinquent Accounts

All utilities subject to The Public Utilities Board Act shall comply with the Conditions Precedent for wastewater utility service disconnection, as attached hereto and marked as Schedule "B"

5.2 Disconnection at Owners Request

A fee of \$30.00 shall be charged for disconnecting the water service at the property owner's request.

6.0 RECONNECTION OF SERVICES

6.1 Reconnection for Non Payment / Delinquent Accounts

Where any service is disconnected under the provisions of this By-Law, it shall not be reconnected until all arrears, penalties and a reconnection fee of \$100.00 have been paid.

6.2 Reconnection for *Non Delinquent* Accounts

A fee of \$30.00 shall be charged for reconnecting the water service at the property owner's request.

7.0 OUTSTANDING ACCOUNTS

Pursuant to Section 252(2) of The Municipal Act, the amount of all outstanding charges for wastewater services, including fines and penalties, are a lien and charge upon the land serviced, and shall be collected in the same manner in which ordinary taxes upon the land are collectible, and with like remedies.

8.0 STANDPIPE SURCHAGE

A quarterly flat rate fee of \$168.75 shall be charged to all commercial or multi-family customers with internal sprinkler systems for the purpose of fire protection.

9.0 HYDRANT RENTALS

The Rural Municipality of Gimli shall pay to the utility an annual rental of \$125.00 for each hydrant connected to the system.

10.0 METER ACCURACY TESTING

That any customer may request that his/her water meter be tested for accuracy and before having the same tested by the Municipality, he/she shall deposit with the Chief Administrative Officer the sum of One Hundred (\$100.00) Dollars, which shall be retained and if the meter shall be found to be accurate, the said sum of One Hundred (\$100.00) Dollars shall be retained by the Municipality and if the meter is found to be inaccurate, the said sum of One Hundred (\$100.00) Dollars will be returned to the customer.

11.0 WASTEWATER SURCHARGES

That there may be levied annually, in addition to rates set forth above, a special surcharge on wastewater having a Biochemical Oxygen Demand in excess of 300 parts per million, to be set by resolution of Council.

That a special surcharge for substances requiring special treatment shall be charged based on the actual costs of treatment required for the particular wastewater or industrial wastes.

12.0 COMMERCIAL SEASONAL CUSTOMERS

That all commercial customers that have their water service disconnected in the fall and reconnected in the spring and that have a service size larger than the minimum size of 5/8" will pay the minimum metered amount, according to service size per quarter, while the water service is disconnected.

13.0 RESIDENTIAL SEASONAL CUSTOMERS

Residential customers may declare a property seasonal use whereby their residence that is connected to the municipal wastewater utility will not be in use from January 1 to March 31 of each year and their utility bill will be discontinued for that quarter. Billing will automatically start on April 1 of each year. Once the residential customer makes the declaration and if the residence uses the utility service for any part of the quarter, the whole quarter will be charged regardless of the number of days use in the quarter.

14.0 RESIDENTIAL CUSTOMERS CONNECTED TO A LOW PRESSURE SEWER SYSTEM

Residents connected to the North Forcemain and have a low pressure wastewater system will be entitled to be reimbursed for one pump out per year by the Municipality

RURAL MUNICIPALITY OF GIMLI
SCHEDULE "B"
BY-LAW NO. 18-0029
WATER AND/ OR SEWER RATES 2019

Conditions Precedent Allowing for Collection and Disconnection of Water and/or Sewer Services for Non-Payment of Accounts

POLICY AND PROCEDURES

1.0 PURPOSE:

The purpose of this document is to outline and define the disconnection and reconnection policies and procedures for customers with water and/or sewer services.

Disconnection, in accordance with the steps outlined in the following policy and procedures may occur if a customer is in arrears and full payment or payment arrangements suitable to the utility have not been made and if so, such disconnections must occur in conformance with these conditions precedent.

Reconnection, in accordance with the following policy and procedures will occur as soon as it is reasonably possible after the account returns to good standing. This Policy and Procedure does not apply to disconnection practices for routine maintenance of the utility including emergencies.

2.0 SCOPE:

The policy and procedures apply to customers receiving water and/or sewer services. The procedures are detailed to reflect the variety of situations that may occur for each of the following customers.

2.1 All property owners and/or tenants responsible for water and/or sewer services.

2.2 All landlords responsible for providing tenant water and/or sewer services covered under The Residential Tenancies Act (C.C.S.M. c R119).

2.3 Where water and/or sewer services are added to taxes.

2.4 Where water is sold in bulk.

2.5 Where sewage is dumped into a treatment facility.

2.6 Where water and/or sewer service is provided beyond the boundaries of a municipality, if applicable.

3.0 DEFINITIONS:

Account Holder/Customer – shall refer to the person or persons who have applied for water and/or sewer service at a particular residence, whether it be the property owner or renter.

Property Owner – shall refer to the person or persons who are listed on the title of a specific property.

Renter – is not the property owner of the subject property and shall refer to the utility account holder/customer of the subject property.

Security Deposit – shall be based on the risk to the utility and should not exceed an estimated bill for three months.

4.0 POLICY:

4.1 The Utility will normally confine collection activity to the person(s) identified on the account who requested the service(s) with an implied agreement to pay or the person or agency who has agreed to pay for the service(s), with the following exception: where a reasonable person would expect that a customer not named on the bill is implicitly responsible for the service(s), i.e. husband or wife (legal or common-law), that person will also be presumed to have liability for the outstanding balance.

4.2 In order to satisfy provisions of *The Freedom of Information and Protection of Privacy Act*, Utilities are encouraged to develop an agreement between the utility and the account holder/customer, with provisions that establish at minimum conditions for service, recourse for unpaid bills, deposits required, and for renter's acknowledgement that information relating to their

account status and other information may be released to the property owner to assist with collections.

4.3 The Public Utilities Board (Board) may, on its own initiative, or at the request of a customer, review a Utility's action and make recommendations and/or orders with respect to same as the Board may determine.

4.4 Every effort is to be made by the Utility to resolve outstanding accounts, disconnection and reconnection issues directly with its customer(s). If a solution cannot be reached the customer may apply to the Board for dispute resolution.

4.5 The Utility must make special application to the Board prior to disconnecting service to a community or multiple residences/properties. Such an application must be shared with the affected community(ies) and/or multiple residences/properties. The Board will consider the circumstances and particulars of the application and provide the Utility with direction, following such process as the Board may deem appropriate.

4.6 If a landlord is responsible for the provision of water and/or sewer services to tenantoccupied premises, arrears will be based on the outstanding account balance and will be subject to Residential Tenancy Branch (RTB) procedures at the tenant occupied premises. Landlords failing to bring their outstanding account balance to good standing will be subject to disconnection of services of the same utility at their personal residence and any vacant premises under the same name.

4.7 This policy does not affect the Utility's right to disconnect in times of emergency and/or for reasons of safety or for failure to comply with water rationing requirements.

4.8 The Utility will keep current data of all disconnected customers in accordance with the following procedures.

4.9 The Utility may seek Board exemption from full disconnection procedures when faced with customers who consistently and deliberately show patterns of payment avoidance and who clearly understand the consequences of their actions.

5.0 PROCEDURES

5.1 DISCONNECTION PROCEDURE

Steps 1, 2 and 3 must be followed on water and/or sewer services in arrears.

Step 1

Customers shall receive a billing statement each billing cycle for services. In some cases the bill is for past consumption and/or minimum quarterly bill for the prior quarter and in other cases, for past consumption over the minimum quarterly bill in the prior quarter plus the next minimum quarterly bill in advance. The due date which appears

on the bill shall be no less than 14 days after the billing date. Bulk water customers or customers dumping sewage may have special billing arrangements. However, failure to pay an outstanding bill may result in the removal of the right to use the service.

Step 2

If payment is not received within 31 days from the last billing date, a message similar to the following shall appear on a reminder statement:

“Our records indicate your account is past due. Please give this your prompt attention. If payment or payment arrangements have been made, kindly disregard this notice.”

[The following is applicable to residential premises.]

“Information on service disconnection, payment arrangements and financial assistance is enclosed.”

Sample Insert:

<p>If your account is past due and you have not made payment arrangements, your water and/or sewer service could be disconnected.</p> <p>The Public Utilities Board adopted Order No. --/08 governing the disconnection of water and/or sewer service for nonpayment of account.</p>	<p>To make payment arrangements, please contact the utility at: <i>[Insert contact information here]</i></p> <p>If you have already made payment arrangements, please disregard this notice.</p>	<p>Financial assistance may be available through Employment and Income Assistance:</p> <p>1-800-626-4862 Additional financial counseling and support may be available through Community Financial Counseling Services:</p> <p>1-888-573-2383</p>
--	--	--

Step 3

If payment is not received within 45 days of the last billing date, a message similar to the following shall appear on the second and final reminder notice. Reconnection fees will be charged as approved by the Board from time to time.

IMPORTANT PAST DUE NOTICE

Your **account** is past due. If suitable payment arrangements or full payment of the arrears are not made on or before (*enter Date {14 calendar days from date of issue}*) your account will be subject to disconnection. If payment of the arrears has already been made, please notify us immediately. If payment arrangements have already been made kindly disregard this notice.

If your service(s) is disconnected, full payment of the arrears balance plus a reconnection fee will be required before service is fully restored. A security deposit may also be required.

Customers may appeal the Utility's action by contacting the Public Utilities Board.

The Utility is not responsible for any damages or losses that may occur as a result of services which are disconnected for non-payment. Please ensure you protect people, animals and property that may be impacted by disconnection of service.

Reconnect Fees are \$50.00.

Your service will be disconnected on _____ in the a.m. or p.m.

5.2 Where the Utility bills the minimum quarterly bill in advance, and where service is not reconnected, the bill should be adjusted and prorated accordingly, for the period from the date of disconnection to the end of the next quarter.

5.3 The following are exceptions to the above notice requirements before disconnection:

(a) Where the customer's account was past due and where a payment arrangement was made and subsequently broken, the Utility may disconnect the customer's service with 7 calendar days notice.

(b) Where the customer's account was past due for services billed at a previous premise, the Utility may, with 10 days notice, disconnect the customer's service at the new premise if the customer fails to make a payment arrangement.

The Utility shall take all reasonable steps to collect the arrears from its account holder/customer before adding any arrears to taxes.

5.4 A message similar to the following shall appear on any future billing statements where services have been disconnected:

"Your account remains outstanding despite previous requests for payment. Failure to pay the outstanding account balance may make your account subject to legal action. Please call the phone number on the front of your billing statement or pay in person. If payment of the arrears has already been made please notify the Utility immediately. If payment arrangements have already been made kindly disregard this notice."

6.0 RECONNECTION OR RESTORATION OF SERVICE PROCEDURE:

6.1 No reconnection of service(s) shall occur unless full payment of the arrears or payment arrangements is made suitable to the Utility including a reconnection fee. Reconnection terms may also include the payment of a security deposit.

6.2 All reasonable efforts shall be made to reconnect or restore the service as soon as possible.

7.0 GENERAL GUIDELINES FOR RENTAL PROPERTIES:

7.1 The renter and property owner are both responsible for providing notice and meter readings to the utility when vacating or renting a premise for the first time.

7.2 If the new renter has an unpaid amount, the utility may refuse service to the tenant.

7.3 The departing tenant will be responsible for services to the date of departure and the arriving tenant or the property owner will be responsible on the date the new tenant takes occupancy.

7.4 If there is a period of time between departing tenant and the arriving tenant the property owner will be responsible for the service charge.

7.5 The renter's deposit, if applicable, will be applied to the utility bill at this time.

7.6 In the case where the amount of the deposit, if applicable, exceeds the amount of the final bills and a credit is shown on the utility account, the credit is then refunded to the renter in the form of a cheque.

8.0 REPORTING REQUIREMENTS:

8.1 The Utility shall record the following information which the Board may request at any time:

- (a) the name of the account holder disconnected;
- (b) efforts made by the Utility to contact the customer (bill messages, letters, telephone calls, personal visits) and the results of such efforts;
- (c) any evidence of the customer either contacting, or being encouraged to contact an appropriate social agency;
- (d) if known, details of any follow-up action being undertaken by a social agency; and
- (e) information indicating the presence of children, the elderly and the disabled. Where there are children 12 and under, the matter will be referred in writing to Child and Family Services as soon as the facts are known.
