1.0 Introduction

By this Order, the Public Utilities Board (Board) approves an award of costs of \$109,065.58 to Manitoba Industrial Power Users Group (MIPUG) for their intervention in Manitoba Hydro's 2019/20 General Rate Application.

2.0 Application

On June 11, 2019, Manitoba Industrial Power Users Group (MIPUG) filed with the Board an Application for an Award of Costs for their intervention at the Manitoba Hydro 2019/20 General Rate Application.

Pursuant to Section 56 of *The Public Utilities Board Act*, the Board has jurisdiction to award costs of, and incidental to, any proceeding before the Board. For the purpose of this hearing, the Board adopted an "Intervener Costs Policy". The purpose of this Policy was to set out the Board's procedures for considering requests for Intervener costs and to provide guidance to Interveners on how to apply for funding of costs for participation in Board Proceedings. This Policy was to apply specifically for the Manitoba Hydro 2019/20 General Rate Application.

Sections 3.1 and 3.2 of the Intervener Costs Policy describes Intervener eligibility for a cost award and the Board's principles in determining the amount of the cost award:

3.1 *In any proceeding the Board may award costs to be paid to any Intervener who has:*

- (a) *made a significant contribution that is relevant to the proceeding and contributed to a better understanding, by all parties, of the issues before the Board;*
- (b) *participated in the hearing in a responsible manner and cooperated with other Interveners who have common objectives in the outcome of the proceedings in order to avoid a duplication of intervention;*

- (c) *represented interests beyond their sole business interest; and*
- (d) *a substantial interest in the outcome of the proceeding and represents the interests of a substantial number of ratepayers.*

3.2 *In determining whether the Intervener should receive the amount of costs sought in a costs application, the Board may consider whether the Intervener did one or more of the following:*

- (a) *made reasonable efforts to ensure that the intervener's evidence was not unduly repetitive of evidence presented by another intervener;*
- (b) *made reasonable efforts to cooperate with other interveners to reduce the duplication of evidence and questions or to combine the intervener's submission with that of similarly interested interveners; and*
- (c) *needed legal or technical assistance to take part in the proceeding;*

In December 2018, MIPUG filed an Application for Intervener status with the Board. The Board awarded MIPUG Intervener status on January 02, 2019 in Board Order 1/19. Included in the Board's Order was an issues list deemed by the Board as applicable to MIPUG for this proceeding.

On January 18, 2019 MIPUG filed its projected budget with the Board. Board staff acknowledged the budget.

On June 11, 2019 MIPUG filed its Cost Application for its participation in Manitoba Hydro's 2019/20 General Rate Application. The Cost Application was supported by statements of accounts as summarized below:

Thompson Dorfman Sweatman Law represented MIPUG in addressing the issues identified by the Board as in scope for MIPUG for this proceeding.

3.0 Manitoba Hydro's Comments

On June 19, 2019 Manitoba Hydro provided its comments regarding MIPUG's Cost Application. Manitoba Hydro disputed two costs related to Mr. Hacault's detailed legal cost(s) details. One issue pertained to a \$28.50 cost relating to a Mr. Douglas McCoy. The second issue pertained to a \$142.50 cost relating to a review of a Report to the Crown.

4.0 Board Findings

The Board has reviewed the Cost Application by MIPUG, as well as the comments provided by Manitoba Hydro and rebuttal explanation(s) submitted by Mr. Hacault. The Board finds that MIPUG meets all of the requirements for a cost award. The Board further finds that the most costs incurred by MIPUG are reasonable and the Board is prepared to award an amount of \$\$109,065.58 for MIPUG's intervention in the Board's review of Manitoba Hydro's 2019/20 GRA.
