**Re: CENTRA GAS MANITOBA INC. (“Centra”)  
DIRECTIVE 26 OF ORDER 152/19 – REPORT ON THE PERFORMANCE OF  
THE REVISED TRANSPORTATION SERVICE BALANCE FEE STRUCTURE**

---

On December 18, 2020, the Public Utilities Board (“Board”) received a letter and report from Centra providing the results of the revised Transportation Service (“T-Service”) balancing fee structure on the balancing performance of the T-Service customers following the 2019/2020 gas year.

This report was filed in accordance with Board Order No. 152/19 as stated below:

Board Order 152/19 Directive 26 states:

*“Centra shall file by December 31, 2020 a report that details the results of the revised Transportation Service balancing fee structure on the balancing performance of Transportation Service customers. This report is to include the requirements set out in section 6.1.2 of this Order.”*

The Board accepts the Report on the Performance of the Revised Transportation Service Balance Fee Structure and finds Directive 26 from Board Order No. 152/19 to be complete.
